Introduction

- On January 1, 2014, the California Cap-and-Trade Program and Québec Cap-and-Trade System officially linked, enabling the mutual acceptance of compliance instruments issued by each jurisdiction to be used for compliance with each program.
- As a result of the linked jurisdiction programs, California (CA) and Québec (QC) will hold joint greenhouse gas (GHG) allowance auctions to allow market participants to acquire GHG allowances.
- Auction and Reserve Sale Platform
 - Referred to as the Auction Platform for simplicity
 - Accessible at <https://www.wci-auction.org>

Auction Notice

- Auction Notices are posted to the jurisdiction webpages 60 days prior to each auction.
 - Auction Notices provide information about eligibility, auction format, and GHG allowances to be auctioned.
- Two informational documents are posted to the jurisdiction webpages annually.
 - The Detailed Auction Requirements and Instructions document provides detailed requirements and instructions for participating in a joint auction.
 - The Auction Examples document provides information and examples of how to determine the amount of a bid guarantee, how holding and purchase limits are applied, how currencies are handled, and how joint auctions are settled.

Auction Notice

- Allowances offered for sale in a joint auction are issued under the California Cap-and-Trade Program and the Québec Cap-and-Trade System.
- The allowances offered in the Current Auction may include multiple allowance types and allowances of vintages prior to the current year.
 - Information on the specific quantity and types of allowances offered in the Current Auction will be made available in each Auction Notice.
- Allowances offered in the Advance Auction will be of a vintage year three years subsequent to the current calendar year.

Auction Eligibility

- California and Québec entities with approved Compliance Instrument Tracking System Service (CITSS) accounts are eligible to participate in joint auctions.
- California entities (CA entities)
 - Refers to all entities registered under the California Cap-and-Trade Program: covered entities, opt-in covered entities, and voluntarily associated entities.
- Québec entities (QC entities)
 - Refers to all entities registered under the Québec Cap-and-Trade System: emitters and participants.

Note: In this presentation, the term “entity” refers to all CA entities and QC entities.

Auction Administration: Auction Exchange Rate

- An Auction Exchange Rate is used to manage joint auction participation in United States Dollars (USD) and Canadian Dollars (CAD).
- For a joint auction, both USD and CAD will be accepted, while all bid assessments and settlement prices will be determined in USD.
- CA entities may only participate in USD.
- QC entities have the option of participating in a joint auction in either USD or CAD. The currency selected during the auction application or confirmation of intent to bid process will determine the currency of the bid guarantee and bids to be submitted, and completion of financial settlement.
 - No changes in the currency selected when the application or confirmation of intent to bid is submitted will be allowed.

Auction Administration: Auction Exchange Rate

- An Auction Exchange Rate is determined prior to each joint auction.
- The Auction Exchange Rate (USD to CAD) in effect the day of the joint auction and for financial settlement by auction participants will be set the business day prior to the auction as the most recently available noon daily buying rate for U.S. and Canadian dollars as published by the Bank of Canada.
- In the Auction Platform, the Auction Exchange Rate is displayed as USD to CAD FX Rate.

Auction Administration: Auction Exchange Rate

- The value of all bids and bid guarantees submitted in CAD will be converted into USD in whole cents using the established Auction Exchange Rate.
- For any QC entity that is participating in the joint auction in CAD, the total cost of allowances awarded will be determined in USD and then converted to the CAD value using the Auction Exchange Rate so the entity can complete financial settlement in CAD.

Auction Administration: Auction Reserve Price

- The Auction Reserve Price will be determined as the higher of the California or Québec Annual Auction Reserve Prices after applying the established Auction Exchange Rate.
- The Auction Reserve Price is the lowest price at which allowances offered in the Current Auction and Advance Auction will be sold.
- Bids submitted with a bid price below the Auction Reserve Price will not be accepted.
- The Auction Reserve Price effective for the joint auction will be displayed in the Auction Platform the business day prior to the auction.
 - Auction Reserve Price is displayed in USD and CAD.

Auction Administration: Auction Reserve Price (Example – Not for Actual Use)

Auction Exchange Rate	1.1000
California Annual Auction Reserve Price (USD)	12.73
California Annual Auction Reserve Price (CAD Value)	14.00
Québec Annual Auction Reserve Price (CAD)	12.82
Québec Annual Auction Reserve Price (USD Value)	11.65

- The bolded values in the table above indicate that in this example the California Annual Auction Reserve Price will be the Auction Reserve Price (\$12.73 USD and \$14.00 CAD).
- The Auction Exchange Rate of 1.1000 is for example purposes only and is not representative of the actual anticipated exchange rate for any auction.

The screenshot shows the homepage of the WCI Inc. GHG Allowance Auction & Reserve Sale Platform. The header includes the WCI Inc. logo, a navigation bar with 'Home', 'Resources', and 'Archive', and a user status bar with 'Welcome, Already a User? | LOGIN | SUPPORT'.

The main content area features a large blue banner with the text 'Welcome to the GHG Allowance Auction & Reserve Sale Platform'. To the right of the banner is a 'Platform User Login' form with fields for 'Username' and 'Password', a 'Forgot your password?' link, a 'Remember Me' checkbox, and a 'Login' button.

Below the banner, there is a section for the next quarterly auction, stating 'The next Quarterly Auction will be held on February 17, 2016'. A digital countdown timer shows '47|23|28' for 'DAYS | HOURS | MINS'.

Below the timer is a table with auction reserve prices:

Annual Auction Reserve Price	\$12.73 USD	\$12.82 CAD	
Auction Reserve Price	\$12.73 USD	\$12.82 CAD 1.1000	USD to CAD FX Rate

Administrative Requirements: CITSS Account

Compliance Instrument Tracking System Service (CITSS)

- An entity must have an approved account in CITSS before applying to participate in an auction.
- Individuals must be approved as either the Primary Account Representative (PAR) or an Alternate Account Representative (AAR) on the entity's CITSS account in order to take actions in the Auction Platform on behalf of the entity, for example:
 - submit an application for the entity or confirm its intent to bid,
 - bid on behalf of the entity,
 - or download and save reports.

Administrative Requirements: Select CITSS “Auction Participation” Box

- A PAR or AAR from each entity must select the “Auction Participation” box in CITSS to indicate the entity’s interest in participating in upcoming auctions.
 - If this box is already selected, no further action in CITSS is needed.
 - By selecting this box, an entity representative agrees to have CITSS account information transferred to the Auction Administrator and Financial Services Administrator.
- To select the “Auction Participation” box in CITSS, step-by-step instructions are provided in CITSS User Guides. Contact the CITSS Help Desk for further questions.

Administrative Requirements: Auction Platform Account

- The Auction Platform allows entity representatives (PAR and AARs) to apply, download required templates, post bids, review results, and download reports for an auction.
- The approved PAR and AARs authorized to act on an entity's behalf must have an active Auction Platform account.
 - If the representative previously activated an Auction Platform account, the previously established username and password can be used for account access.
 - If the representative has not previously been designated as the PAR or an AAR for an entity that indicated interest in auction participation, the representative will receive an email inviting him or her to activate his or her Auction Platform account.

Administrative Requirements: Auction Platform “Account Activation”

- A first time representative will receive an “Account Activation for Auction Platform” email from auctionsupport@markit.com.
- The Account Activation email will contain an activation link for the representative to activate his or her Auction Platform account.
 - The activation link can only be used once and expires within 24 hours. If the activation link in the Account Activation email has expired, the user will need to request a new activation link from auctionsupport@markit.com.
- The username for an Auction Platform account is the email address as listed in CITSS (e.g., john.doe@email.com).

Administrative Requirements: Auction Platform Account

Representatives of Multiple Entities

- Consistent with CITSS, the Auction Platform allows an individual to represent multiple entities as a PAR or AAR.
- Auction Platform Example: The “Select an Account” pop up displays multiple entities for users that are associated with more than one entity.

Select An Account

Please select an account.

You are a Primary or Alternate Account Representative for multiple entities.

Select the participant account you are representing during this session in the Auction and Reserve Sale Platform by clicking on the checkbox and clicking OK.

To change the Participant Account that you are representing, you must log out of the Auction and Reserve Sale Platform and log in again to select a different Participant Account.

If you need further assistance in selecting the correct Participant Account, please contact Markit Support at auctionsupport@markit.com.

Auction Participant Training Agenda

❖ Section II: Auction Participation & Bidding

- Auction Participation Overview
- Auction Application/Confirmation of Intent to Bid
- Submit a Bid Guarantee
- Receive Notice of Entity's Approval to Participate
- Participate in the Auction
 - Bidding in the Auction
 - Bidding Limitations
 - Bid Guarantee
 - Purchase Limits
 - Holding Limits

Auction Participation Overview

- An entity will need to follow these general steps to participate in an auction:
 - Apply to participate/confirm intent to bid in the auction
 - Submit a bid guarantee
 - Receive notice of entity's approval to participate
 - Participate in the auction

Auction Application/Confirmation of Intent to Bid

- If an entity was not previously approved to participate in an auction, one entity representative (the PAR or an AAR) must submit an auction application through the Auction Platform.
- If an entity was previously approved to participate in an auction and has had no material changes in the entity's application information, one entity representative (the PAR or an AAR) must confirm the entity's intent to bid through the Auction Platform.
- For simplicity, the Auction Platform uses the term “application” whether an initial auction application or a confirmation of intent to bid is submitted.

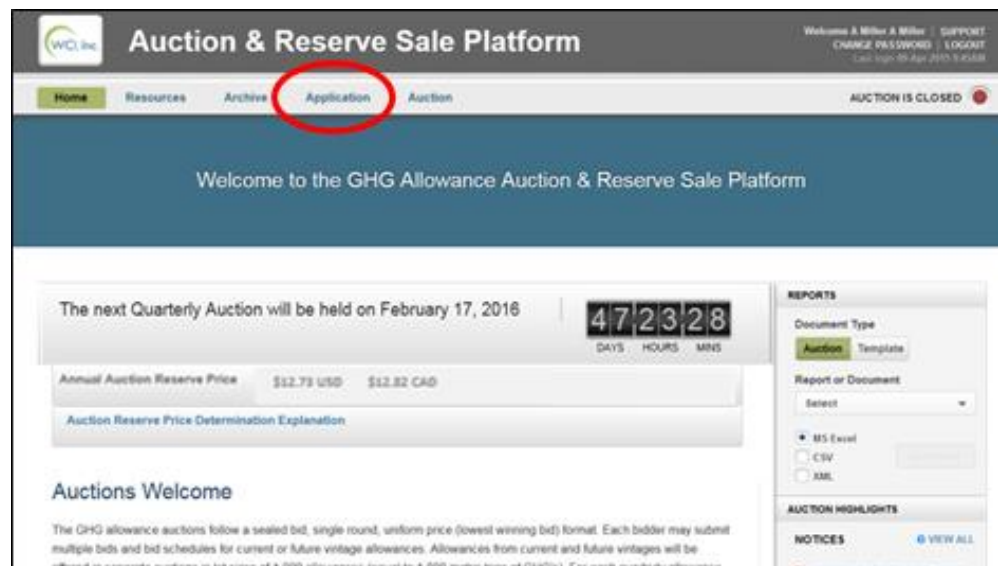

Auction Application/Confirmation of Intent to Bid

- To apply to participate in the auction or confirm an intent to bid, the entity's PAR or an AAR must complete the following steps in the Auction Platform:
 1. Confirm the event in which the entity intends to bid
 2. Verify entity and account representative information
 3. Provide information on the form and currency of bid guarantee to be submitted and return instructions
 4. Complete the Attestation response and submit auction application
- An application must be submitted or intent to bid confirmed in the Auction Platform by the PAR or an AAR by no later than the date and time the auction application period closes as provided in the Auction Notice.

Auction Application/Confirmation of Intent to Bid

Auction Platform Example: Application Tab

- To access the Auction Application, the PAR or an AAR should log in to the Auction Platform and proceed to the Application Tab on the top banner.

Welcome! [Get Started](#)

Let's help you complete the application process for the auction or reserve sale.

You will need to complete the auction and reserve sale application process. There are several steps in the application process that you are required to complete. As a convenience, where available, application information has been pre-populated from the CITSS in the Auction Platform for you to review and confirm.

The application process must be completed at least 30 days prior to the next quarter's auction or by the due date provided in the notice for each reserve sale. Upon completion of the application process, a notification email will be sent to your email address confirming receipt of your application. The status of the application will also be updated on the Application Status module on the right side of the next page.

APPLICATION QUICK GUIDE

The application quick guide will help you every step of the way during your application process. Just check this module on the right side of each page to get a description, instruction, or notes for every step of the application process.

Auction Application/Confirmation of Intent to Bid

Confirm the event in which the entity intends to bid

- The entity representative (PAR or an AAR) selects the appropriate auction event from the drop down menu and then selects the “Confirm & Continue” button.

The screenshot shows a web form with a progress bar at the top indicating five steps: 1. INTENT TO BID (highlighted), 2. ENTITY APPLICATION INFORMATION, 3. AUTHORIZED USER DETAILS, 4. BID GUARANTEE, and 5. ATTESTATION.

The main content area is titled "Do you intend to bid?". Below this, it states: "Our entity intends to bid in the upcoming auction or reserve sale:". A "Please note" section follows: "If you are eligible and would like to participate in an auction or reserve sale, please complete your application. Each auction and reserve sale requires independent submittal of an intent to bid application." Below the note is a dropdown menu labeled "Select Auction". The dropdown is open, showing "Select Auction" with a checkmark and "Joint Auction 3 April 2014". At the bottom of the form are three buttons: "Back", "Cancel", and "Confirm & Continue".

Auction Application/Confirmation of Intent to Bid

Verify entity and account representative information

- Entity and account representative details will be pre-populated from CITSS account information. The representative will select Confirm and Continue to verify the accuracy of the data.

Verify your entity application information.

Auction Application/Confirmation of Intent to Bid

Verify entity and account representative information

- If changes are needed to the auction application information displayed in the Auction Platform, changes must first be completed in CITSS.
 - To ensure information is accurately reflected in the Auction Platform, all changes must be made in CITSS and approved prior to submitting the application or confirmation of intent to bid.
 - Some changes, such as changes to entity name or account representatives, require the submittal of additional hard copy documentation and/or approval by the Jurisdiction Registrar.

Auction Application/Confirmation of Intent to Bid

Verify entity and account representative information

- Some changes to auction application, such as updates to corporate association information, are completed only through the submittal of hard copy forms.
 - All changes must be submitted by the deadlines provided in the Auction Notice.
 - Refer to the CA Regulation or QC Regulation for specific details of the requirements for submitting changes to auction application information.
 - The Detailed Auction Requirements and Instructions document contains additional information on requesting changes to auction application information.

Auction Application/Confirmation of Intent to Bid

Provide information on form and currency of bid guarantee to be submitted and return instructions

- CA Entities must submit bid guarantees in USD in one or a combination of the following forms:
 - Cash in the form of wire transfer.
 - An irrevocable letter of credit (LOC) from a financial institution with a United States (U.S.) banking license.
 - A bond issued by a financial institution with a U.S. banking license.
 - A Surety Bond issued by an institution named in the U.S. Treasury Department list of “Surety Companies Acceptable in Federal Bonds.”

Auction Application/Confirmation of Intent to Bid

Complete the Attestation response and submit the auction application

- The final step of the application process in the Auction Platform is to complete the Attestation response and submit the application.
 - Attestation responses are jurisdiction specific.
- The PAR or an AAR of each CA entity must complete the required response in the Auction Platform to certify if the entity has provided to ARB the Attestation required by section 95912(d)(4)(E).
 - A “No” answer indicates the entity has no updates to the disclosures since the most recent auction application attestation was submitted.
 - If an auction applicant has previously submitted a disclosure form, and has no further updates to its most recently submitted form, the auction applicant may select “No” in the Auction Platform to satisfy the Attestation requirement.
 - A “Yes” answer indicates that the entity will submit or update the required disclosures to ARB by the deadline to apply for the auction.

Auction Application/Confirmation of Intent to Bid

Complete the Attestation response and submit the auction application

- If disclosures or updates to previously submitted information are required from a CA entity, the Auction Attestation Disclosure Form, available on the ARB Auction Information Webpage, may be used to submit the required information.
 - Any new disclosures or updates must be submitted prior to the close of the application period.
- Representatives of CA entities should refer to the Detailed Auction Requirements and Instructions document, the California Regulation, and the ARB Auction Information webpage for further information regarding the Attestation requirements.

Auction Application/Confirmation of Intent to Bid

Complete the Attestation response and submit the auction application

Auction Platform Example (CA Entity): Attestation & Submit Application

The screenshot shows a web form for the 'ATTESTATION' step of an auction application process. At the top, a progress bar with five numbered steps is visible: 1. INTENT TO BID, 2. ENTITY APPLICATION INFORMATION, 3. AUTHORIZED USER DETAILS, 4. BID GUARANTEE, and 5. ATTESTATION. The main content area asks, 'Do you attest that all information is correct?'. Below this, it states 'The following attestation is required.' and provides detailed instructions regarding Section 95912(d)(4)(E) Attestation, explaining that every entity must submit an attestation with the required disclosures before the deadline. It further clarifies that answering 'yes' indicates understanding of the requirements and attestation of compliance, while answering 'no' indicates understanding and attestation of no updates since the last submission. At the bottom, there are two buttons: 'Yes' and 'No'. Below these, there is a checkbox labeled 'I have read and accept the Auction and Reserve Sale Terms of Use and Privacy Policy.' and three buttons: 'Back', 'Cancel', and 'Submit'.

1 INTENT TO BID 2 ENTITY APPLICATION INFORMATION 3 AUTHORIZED USER DETAILS 4 BID GUARANTEE 5 ATTESTATION

Do you attest that all information is correct?

The following attestation is required.

Section 95912(d)(4)(E) Attestation. Every entity must submit an attestation with the disclosures required by section 95912(d)(4)(E) before the deadline to apply to participate in the auction.

Answering "yes" to this attestation indicates that you understand the requirements of section 95912(d)(4)(E) and attest you will have submitted and/or updated the required attestation to ARB by the deadline to apply to participate in this auction.

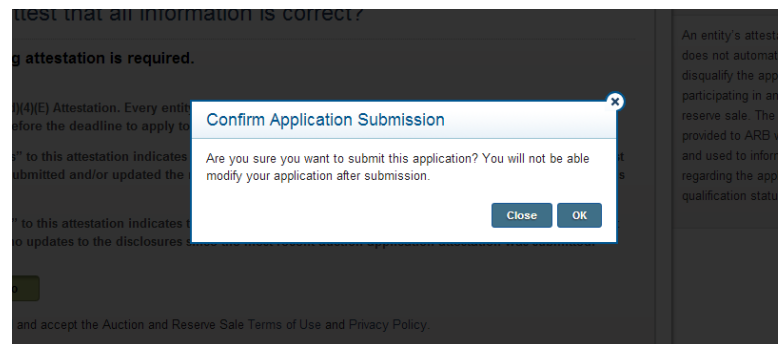

Answering "no" to this attestation indicates that you understand the requirements of section 95912(d)(4)(E) and attest that you have no updates to the disclosures since the most recent auction application attestation was submitted.

☐ I have read and accept the Auction and Reserve Sale Terms of Use and Privacy Policy.

Auction Application/Confirmation of Intent to Bid

Complete the Attestation response and submit the auction application

- After selecting a response to the Attestation step, the representative must agree to the Auction Terms of Use and Privacy Policy, and can then submit the application.
- After selecting the “Submit” button, the representative will be asked to confirm the submission by selecting “ok” to complete this action .

Auction Application/Confirmation of Intent to Bid

Complete the Attestation response and submit the auction application

- Once the PAR or an AAR has submitted the application, the Application Status bar on the right hand side of the Auction Page will display as “Submitted” with a green checkmark.
 - PAR and AAR(s) will receive an email confirming submittal of the entity’s application.

The screenshot displays a web interface for an auction application. At the top, a horizontal progress bar consists of five numbered steps: 1. INTENT TO BID, 2. ENTITY APPLICATION INFORMATION, 3. AUTHORIZED USER DETAILS, 4. BID GUARANTEE, and 5. ATTESTATION. Step 5 is currently active. Below this bar, the main content area is titled 'Application Submitted' and includes a 'Review Submission' button. A message states: 'Your application has been submitted. You will receive a notification email that will be sent to your email address confirming receipt of the application. Please note all completed auction or reserve sale applications or intents to bid must be received by the deadline provided in the Auction or Reserve Sale Notice. The status of the application will be updated in the application status module on the right side of the page. Upon approval you will be notified no later than one business day before the auction or reserve sale that you are approved to bid in the auction or reserve sale.'

On the right side, an 'APPLICATION STATUS' module for 'Joint Auction 3 NEW April 2014' shows a 'REVIEW' button and a 'SUBMITTED' status with a green checkmark icon.

Submit a Bid Guarantee

- After submitting an auction application, entities must submit a bid guarantee by the deadline date and time provided in the Auction Notice.
- To submit a bid guarantee, an entity must complete the following steps:
 1. Receive notice that a Financial Services Account has been established or verified
 2. Download Financial Services Delivery Instructions
 3. Submit a bid guarantee to Financial Services Administrator
- The Financial Services Administrator receives and maintains all bid guarantees submitted as financial security.

Submit a Bid Guarantee

Receive notice that a Financial Services Account has been established or verified

- Once an auction application or confirmation of intent to bid has been submitted, the Financial Services Administrator will complete the process to establish (first time participant) or verify (previous participant) the entity's Financial Services Account.
 - A Financial Services Account is established and maintained by the Financial Services Administrator for the purpose of facilitating the bid guarantee and financial settlement processes.
- To establish the entity's Financial Services Account, additional information may be requested by the Financial Services Administrator.

Submit a Bid Guarantee

Receive notice that a Financial Services Account has been established or verified

- Once the entity's Financial Services Account has been established or verified:
 - An email from the auctionsupport@markit.com will be sent to entity representatives when a Financial Services Account has been established or verified, including directions to download the entity's Financial Services Delivery Instructions.
 - An entity representative can log in to the Auction Platform to download the Financial Services Delivery Instructions.

Submit a Bid Guarantee

Download Financial Services Delivery Instructions

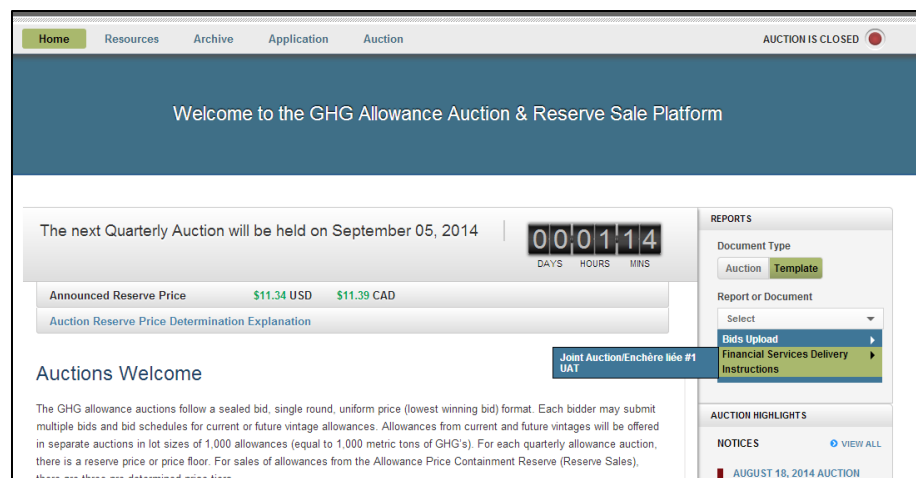

- The Financial Services Delivery Instructions include all the information needed to submit a bid guarantee, either cash or physical bid guarantee instrument, including the:
 - Financial Services Account Name;
 - Financial Services Account Number;
 - Wiring instructions for submitting cash by wire transfer; and
 - Mailing instructions for physical bid guarantee instruments.
- Additional details on submitting a bid guarantee are provided in the Detailed Auction Requirements and Instructions document.

Submit a Bid Guarantee

Download Financial Services Delivery Instructions

- To download an entity's Financial Services Delivery Instructions, the PAR or an AAR may log in to the Auction Platform, access the Reports Module - Templates, and select the appropriate event.

Auction Platform Example:

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

- To submit a bid guarantee, an amount must be determined.
 - The amount of the bid guarantee provided to the Financial Services Administrator will be used to set bidding limitations in the auction.
 - The amount of the bid guarantee must be greater than or equal to the maximum value of the bids to be submitted.
 - A single bid guarantee is submitted to cover bids in both the Current and Advance Auction.
 - For QC entities participating in CAD, the value of the bid guarantee and the bids submitted during the auction will be evaluated in USD based on the Auction Exchange Rate.
 - Examples of how to determine a bid guarantee amount are provided in the Auction Examples document.

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

Submitting Cash Bid Guarantee

- Cash wire transfers must be received by the deadline date and time for receipt of bid guarantees as listed in the Auction Notice.
- Instructions on how to submit a cash bid guarantee through wire transfer are provided in the entity's Financial Services Delivery Instructions.
 - Wire transfer instructions are specific to the location of the originating bank, whether international or located in the U.S., and the currency in which the entity is participating.
- Additional details are provided in the Detailed Auction Requirements and Instructions document.

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

Submitting Physical Bid Guarantee Instruments

- Physical bid guarantee instruments must be received by the Financial Services Administrator in final form by the deadline date and time for receipt of bid guarantees as listed in the Auction Notice.
- CA entities may submit the following forms of physical bid guarantee instruments:
 - An irrevocable letter of credit (LOC) from a financial institution with a U.S. banking license.
 - A bond issued by a financial institution with a U.S. banking license.
 - A Surety Bond issued by an institution named in the U.S. Treasury Department list of “Surety Companies Acceptable in Federal Bonds.”

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

Submitting Physical Bid Guarantee Instruments

- Required terms are provided in the Detailed Auction Requirements and Instructions document.
- If submitting a physical bid guarantee instrument, entities are encouraged to submit a sample physical bid guarantee to the Financial Services Administrator for review.
- Entities are encouraged to submit bid guarantees in advance of the deadline to allow time for review and revision of bid guarantees if necessary.
- Complete and proper addressing is critical to ensure receipt of all physical bid guarantee instruments by the deadline date and time.

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

Bid Guarantee Revisions

- The Financial Services Administrator will evaluate the bid guarantee submitted and identify any amendments that are necessary to meet the requirements.
- If a submitted bid guarantee needs to be revised:
 - The entity would be notified by the Financial Services Administrator.
 - The entity would contact the institution issuing the document and request an amendment to their bid guarantee document.
 - All amendments **MUST** be completed and received by the Financial Services Administrator in advance of the bid guarantee submittal deadline.
- If an entity finds they need to revise a submitted bid guarantee, they should contact the Financial Services Administrator.

Submit a Bid Guarantee

Submit a bid guarantee to Financial Services Administrator

- Final bid guarantees must be received by the Financial Services Administrator in final form by the bid guarantee submittal deadline date and time as listed in the Auction Notice.
 - An entity is responsible to ensure proper addressing of a physical bid guarantee and complete wiring instructions for a cash wire transfer.
 - Entities should confirm receipt of bid guarantees with the Financial Services Administrator.
 - Emailed, scanned, and PDF versions of a bid guarantee or a bid guarantee amendment will not be accepted.
 - Once an entity's bid guarantee is received, reviewed, and accepted by the Financial Services Administrator, the PAR and all AARs for the entity will receive an email notification.
 - If a final bid guarantee is not received by the Financial Services Administrator by the deadline, the auction application will not be approved.

Receive Notice of Entity's Approval to Participate

- ARB and MDDELCC will approve or reject auction applicants for auction participation. The PAR and all AARs for each entity will receive an email confirming approval or denial to participate in the auction.
 - An email will be sent within two business days of the scheduled auction date indicating an entity's auction participation has been approved or denied.

Participate in the Auction

- The bidding window can be accessed by clicking on the Auction Tab on the top banner of the Auction Platform.
- Auction participants will be able to see whether the auction bidding window is open or closed on the right hand side of the top banner of the Auction Platform.
 - A green light signifies the auction bidding window is open.
 - A red light signifies that the auction bidding window is closed.
- While the auction bidding window is open, entities may submit bids for the Current Auction, the Advance Auction, or both.

Bidding in the Auction

- Bidders may submit bids manually or upload a bid schedule using the Bid Upload Template provided through the Auction Platform.
- For each bid the following information must be entered:
 - Bid Price in whole cents
 - Number of Bid Lots (1 lot = 1,000 allowances)
 - Instrument Vintage (e.g. Current or 2019)
 - Currency
 - **CA entities:** bids must be entered in USD.
 - **QC entities:** bids must be entered in the same currency as selected during the auction application process (USD or CAD).

Bidding in the Auction

Auction Platform Example: Manual Bid Entry

- To manually submit a single bid, select the “Add Bid” button.
- Submitted bids can be manually revised or withdrawn during the 3-hour bidding window. After the bidding window closes, no further changes to bids are permissible.

The screenshot displays the 'Auction' section of a web application. At the top, navigation links include Home, Resources, Archive, Application, and Auction (highlighted). A status indicator 'AUCTION IS OPEN' with a green circle is in the top right.

The main content area is titled 'Joint Auction 3 NEW April 2014 Details'. It is divided into two columns: 'Current' and 'Future - 2017'. Each column contains a table with the following data:

Reserve Price	Total Allowance	Total Allowance Bid	Total Bids
USD \$11.34 CAD \$12.15	4,356,388	--	--
USD \$11.34 CAD \$12.15	2,899,512	--	--

Below the tables is a 'Bidding Closes In' section with a progress bar and a timer showing '01:34:28'. To the right, the time is shown in PT (10:25:33) and ET (13:25:33).

The 'Submitted Bids' section features two buttons: 'Add Bid' and 'Upload Bids'. Below these is a table with the following columns: Bid Number, User, Time, Client Bid ID, Transaction ID, Currency, Bid Price, Bid Lots, Vintage, Allowances, and a 'Total' column. The table contains one row with the following data:

Bid Number	User	Time	Client Bid ID	Transaction ID	Currency	Bid Price	Bid Lots	Vintage	Allowances	Total
1		10:25:31am			USD			Current	0	

At the bottom of the table row, there are 'Cancel' and 'Submit' buttons. To the right of the table is a 'QUICK TIPS' section titled 'Adding Bids' with the following text: 'To add a single bid, select the Add Bid button and a new row will be created for your bid. In the new row, enter the bid data, select the Submit button to submit the bid and the'.

Welcome to the GHG Allowance Auction & Reserve Sale Platform

Auctions Welcome

The GHG allowance auctions follow a sealed bid, single round, uniform price (lowest winning bid) format. Each bidder may submit multiple bids and bid schedules for current or future vintage allowances. Allowances from current and future vintages will be offered in separate auctions in lot sizes of 1,000 allowances (equal to 1,000 metric tons of GHG's). For each quarterly allowance auction, there is a reserve price or price floor. For sales of allowances from the Allowance Price Containment Reserve (Reserve Sales), there are three pre-determined price tiers.

Bidding Limitations

- The Auction Reserve Price effective during the joint auction is determined the business day prior to the auction.
 - Bids submitted with a bid price below the Auction Reserve Price will not be accepted.
- Auction bids are rejected in bundles of 1,000 allowances, if bids:
 - Exceed the entity's purchase limit;
 - Exceed the entity's holding limit; or
 - Exceed the value of the bid guarantee at the settlement price.
 - An entity's bid guarantee limitation is assessed at all potential settlement prices.
- Rejected bid quantities are not considered in determining the settlement price for an auction.
- Examples of how bidding limits are applied are provided in the Auction Examples document.

Bidding Limitations: Bid Guarantee

- The bid guarantee submitted must be greater than or equal to the maximum value of the bids submitted.
 - For QC entities participating in CAD, the bid guarantee and the maximum value of bids submitted are evaluated in USD based on the Auction Exchange Rate.
- The value of a set of bids equals the quantity of bid allowances submitted at or above a bid price times that price.
 - The value of the set of bids is calculated at each bid price at which the bidder submits a bid.
 - The maximum value of a set of bids is the highest value of a set of bids calculated at each price at which the bidder submits a bid.
- Examples of how the bid guarantee limitation is applied are provided in the Auction Examples document.

Bidding Limitations: Bid Guarantee

- Submitted bids that contain bid quantities with a value in excess of the bid guarantee at the settlement price will be rejected, in bundles of 1,000 allowances, until the limit is met.
 - Only that portion of the bid quantity that exceeds the limit will be rejected, not the entire bid quantity.
- Bidders submit a single bid guarantee for both the Current Auction and Advance Auction.
 - Once the Current Auction settlement price has been determined, the entity's total cost for allowances awarded in the Current Auction will be determined and deducted from the bid guarantee amount, and any bid guarantee amount remaining will be applied to the Advance Auction.

Bidding Limitations: Purchase Limits

Example Purchase Limit: CA Entities

- Purchase limits are calculated separately for the Current Auction and the Advance Auction.
- To determine an entity's specific purchase limit for an auction, multiply the entity category's purchase limit by the total amount of allowances available for sale in that auction.
- **Example Purchase Limit**
 - If the Total Number of Allowances for Sale are:
 - Current Auction = 1,000,000 allowances
 - Advance Auction = 400,000 allowances

CA Entity Category		Current Auction Purchase Limit	Advance Auction Purchase Limit
Covered Entity or Opt-In Covered Entity, (includes Electrical Distribution Utilities)	25%	250,000	100,000
General Market Participant- (Organization or Individual)	4%	40,000	16,000

Bidding Limitations: Holding Limits

- The holding limit is the maximum number of GHG allowances that may be held by an entity or jointly held by a group of entities with a direct corporate association.
- The holding limit does not apply to allowances held in the Limited Use Holding Account.
- There are separate holding limits applied to the Current and Advance Auctions.
- The 2016 Holding Limit is 13,014,750 allowances.

Bidding Limitations: Holding Limit

Holding Limit with Limited Exemption

- Covered entities may exempt a limited number of current or prior vintage allowances from the current vintage holding limit calculation by transferring them into their Compliance Account.
- The limited exemption is increased each year by the amount of emissions contained in the entity's verified emissions report and is decreased at the end of the year following the close of a compliance period, after the entity has completed its surrender obligation for the compliance period.
- Entities can hold more allowances in their Compliance Account than allowed under the limited exemption, but any current or prior vintage allowances in excess of the limited exemption will count towards the entity's current vintage holding limit.
- Examples of how the limited exemption is applied are provided in the Auction Examples document.

Bidding Limitations

Management of Purchase Limits and Holding Limits

- ARB and MDDELCC provide the Auction Administrator the total number of allowances that may be successfully bid without exceeding the purchase limit and holding limit for the Current Auction and Advance Auction for each auction participant.
 - Data is transferred to the Auction Administrator the day prior to an auction based on balances in CITSS accounts at approximately 9:00 AM PT / 12:00 PM (Noon) ET the day prior to the auction.
 - The holding limit cap transmitted to the Auction Administrator is used solely for the purpose of administration of the holding limit bid limitation in the auction and will reflect the account balances in CITSS the day before the auction.
 - CITSS account holders are responsible to ensure that there will be no holding limit violation once allowances are transferred into CITSS accounts after financial settlement is complete.

- Auction Conduct
- Market Monitoring
- Auction Results and Certification
- Financial Settlement
- Transfer of Allowances into CITSS Accounts
- Contact Information

Settlement Price & Bid Fulfillment Determination

- Bid evaluation and settlement price determination for the Current Auction and Advance Auction are conducted separately, in consecutive order.
- Joint auction bid evaluations and settlement price determinations will be conducted in USD.
 - The value of all bids and bid guarantees submitted in CAD will be converted into USD in whole cents using the established Auction Exchange Rate.
 - All bid assessments, the settlement price, and the cost of all allowances awarded will be determined in USD.
 - For any QC entity participating in CAD, the total cost of allowances is first determined in USD and then converted to a CAD value based on the Auction Exchange Rate so the entity can complete financial settlement in CAD.

Settlement Price & Bid Fulfillment Determination

- The settlement price determination process requires that the Auction Administrator rank qualified bids from all bidders from the highest qualified bid price to the lowest qualified bid price using the USD value of the bids.
- Allowances will be awarded to bidders, beginning with the highest qualified bid price and moving to successively lower qualified bid prices, until the entire supply of allowances is exhausted or all qualified bids have been filled.
- If total qualified allowances bid exceeds total allowances offered at the settlement price, a tiebreaker process is used.

Settlement Price & Bid Fulfillment Determination

Tiebreaker Process

- The tiebreaker process is used during the settlement price determination if the quantity of allowances bid for at the settlement price exceeds the remaining allowances available for sale.
- Each entity's share is determined based on the share of total allowances that can be awarded to an entity at the settlement price.
- Number of allowances awarded is determined as the entity's share multiplied by the allowances remaining to be sold (rounded down to nearest whole allowance).
 - If there are allowances remaining as a result of rounding down, those allowances are awarded to entities by assigning a random number and distributing from the lowest to highest number.
- Further descriptions of the tiebreaker process are provided in the Auction Examples document.

Auction Conduct

- Pursuant to Section 95914(c) of the California Regulation and in Article 51 of the Québec Regulation, any CA or QC registered entity shall not release any confidential information related to its auction participation, including:
 - Intent to participate, or not participate, at auction, auction approval status, maintenance of continued auction approval;
 - Bidding strategy;
 - Bid price or bid quantity information;
 - Information on the bid guarantee provided to the Financial Services Administrator.

Auction Conduct

- The California and Québec Regulations require that any entity participating in an auction that has retained the services of a consultant or advisor regarding auction bidding strategy must ensure against the consultant or advisor transferring information to other auction participants or coordinating the bidding strategy among participants.
- The entity must inform the consultant or advisor of the prohibition of sharing information to other auction participants and ensure the consultant or advisor has read and acknowledged the prohibition under penalty of perjury.
- All auction applicants are required to inform their respective jurisdictions of the retention of an auction advisor or consultant, as specified in the Detailed Auction Requirements and Instructions document.
- A consultant or advisor retained by a CA entity must provide ARB with information as specified in the Regulation and described in the Auction Notice at least fifteen (15) days prior to an auction.

Market Monitoring

- ARB staff, MDDELCC staff, and the Market Monitor actively monitor the GHG allowance auctions, and provide ongoing monitoring of GHG allowance holdings and market activity.
- The Market Monitor reviews bidding activity and works with ARB and MDDELCC to identify any bidding or trends of concern that may indicate manipulative or anti-competitive bidding behavior.
- Any fraudulent, manipulative, collusive, or noncompetitive behavior may be investigated and prosecuted in accordance with all applicable laws and regulations.
- ARB and MDDELCC staff provide final auction monitoring results to the Executive Officer and the Environment Minister.

Auction Results and Certification

- The Joint Auction Summary Results Report will be posted on the ARB and MDDELCC websites five (5) business days after the auction is conducted.
 - The date of posting is provided in the Auction Notice.
 - The posting is anticipated to occur at 12:00 PM (Noon) PT / 3:00 PM ET.
 - In the event of a delay, a message will be posted on the jurisdictions' websites providing the new time for the release of the auction results.
- The Joint Auction Summary Results Report provides general results and statistics of the auction.
- The Joint Auction Summary Results Report will be available in English on the ARB website and English and French on the MDDELCC website.

Auction Results and Certification

Joint Auction Summary Results Report

- Only qualified bid statistics will be provided.
- The Joint Auction Summary Results Report will include the following for both the Current and Advance Auctions:
 - Number of allowances available at auction
 - Number of allowances sold at auction
 - List of qualified bidders
 - Ratio of total quantity of qualified allowances bid to total allowances available for sale
 - Percent of allowances won by compliance entities (this category includes opt-in entities)
 - Auction Settlement Price
 - Auction Reserve Price
 - Herfindahl-Hirschman Index (HHI)
 - Bid Price Summary Statistics

Auction Results and Certification

Post Joint Auction Public Proceeds Report

- California and Québec will each release separate Post Auction Public Proceeds Reports, which will provide the final amount of jurisdiction proceeds.
- Refer to the Auction Schedule provided in the Auction Notice for the expected date that the Post Joint Auction Public Proceeds Report will be available.

Auction Results and Certification

Availability of Entity Results

- Following the posting of the Joint Auction Summary Results Report, the jurisdictions will certify the auction in the Auction Platform.
 - Representatives of qualified bidders will receive email notification that entity results are available in the Auction Platform.
- Upon certification, representatives of qualified bidders will be able to view and download the entity's auction results in the entity's Organization Results Report available in the Auction Platform.
 - Additionally, a Financial Statement is available for download in the Auction Platform which is the entity's financial settlement invoice.
- Availability of the Organization Results Report upon certification of the auction represents the beginning of the seven (7) day period in which an auction participant is required to complete payment to the Financial Services Administrator of the amount due for allowances awarded.

Financial Settlement

Auction Platform Example: Organization Results Report & Financial Statement

- Following certification of an auction, bidders download their Organization Results Report and Financial Statement from the Auction Platform's Reports module.
